THE MEXICAN EVER-BEARING STRAWBERRY.

The Best Variety Known

A CONTINUOUS and PROLIFIC bearer from the first of June until frost; rich, sub-sweet flavor, fine size, strong grower, vigorous habit. Altogether superior to any other known variety. Price 50 per dozen. The undersigned are the General Agents for southern Illinois. Counties along and south of O. & M. R. R., of whom, or their authorized agents, all plants or berries in southern Illinois must be ordered. From a large amount of testimony, the following affidavit gives an idea of the estimation in which this variety is held by those familiar with its superior characteristics:

State of Michigan, County of Monroe, ss:

Fenelon Scanton, being duly sworn, deposes and saith, that he is acquainted with the Mexican Ever Bearing Strawberry Plant, and that he has propagated the said Strawberry for three years, and finds it to be a rich, high flavored fruit, very prolific in its bearing, and a stout, healthy plant, and perfectly adapted to this climate. And this deponent further saith that he has cultivated said Strawberry for three years on his premises, and that with unparalleled success, and that the said Strawberry commences its bearing in early summer, and continues bearing until the frost cuts the vine in the fall, and I have even gathered fruit from the said vines when the ground was covered with snow, by having previously covered the vines with straw; and further this deponent saith not.

Subscribed and sworn to, before me, this 16th day of April, A. D. 1898.

ALONZO CURTIS, Justice of the Peace.

State of Michigan, County of Monroe, ss:

Dr. J. J. Littlefield, being duly sworn, deposes and saith that he has lived a very near neighbor to Fenelon Scanton for the last three years, and knows that the said Scanton has cultivated the Mexican Ever Bearing Strawberry Plant, and he knows to his certain knowledge, and he knows the said Strawberry to be ever bearing and prolific; has used the fruit in his family and finds it to be of high flavor, equalled by none; is acquainted with strawberry culture, and claims this to be superior to all other fruits of the kind, and perfectly adapted to this climate. And further this deponent saith not.

Subscribed and sworn to, before me, this 16th day of April, A. D. 1898.

ALONZO CURTIS, Justice of the Peace.
